**"DND-AFP Vast Tracts of Military Reservations Now Open to
Business Ventures and Partnerships with the Private Sector"**

The Department of National Defense (DND) and Armed Forces of the Philippines (AFP) invite all prospective investors, both domestic and foreign, for possible Land Lease, Private Public Partnerships (PPP) or Joint Ventures (JVs) in agricultural production, agro-forestry and/or eco-tourism projects.

Based on a new mandate from the Amended RA 7898 (the AFP Modernization Law), the DND can now utilize portions of its vast military land reservations for agro-industrial activities.

We have tens of thousands of hectares of undeveloped land in various military reservations located all over the Philippines. We welcome any small, medium or very large scale farm developments especially if these projects will have positive environmental impact thru erosion control, reforestation and watershed build up, provide livelihood and employment for rural workers, and provide share of sustainable income to the DND.
