DND embarks on ethics advocacy; holds training for master trainers

Defense Secretary Delfin N. Lorenzana joined Undersecretary of National Defense Cardozo M. Luna, Assistant Secretary for Human Resource Antonio L. Bautista, Dr. Jorge Perez de Tagle, and the trainers and graduates of the DND-wide The Way to Happiness Master Training Certification and Technology Transfer

In line with its pursuit for genuine peace, the Department of National Defense (DND), through the efforts of the Office of the Assistant Secretary for Human Resource, held a training seminar for master trainers who will disseminate values education to the Department, its civilian bureaus and the Armed Forces of the Philippines.

The Way to Happiness Philippines chairperson, Jorge Perez de Tagle, and his team led the conduct of The Way To Happiness Master Training Certification and Technology Transfer for DND-wide civilian and military personnel on December 11-15, 2017, at the DND Multipurpose Center in Camp General Emilio Aguinaldo, Quezon City.

The Way to Happiness Philippines chairperson Dr. Jorge Perez de Tagle welcomed Defense Secretary Delfin N. Lorenzana upon his arrival for The Way to Happiness Master Training Certification and Technology Transfer closing ceremony on December 15, 2017.

Defense Secretary Delfin Lorenzana, as guest of honor and speaker during the training's closing ceremony, shared his profound belief that man has a potential for both good and evil. He also stressed the importance of discipline and of harnessing the goodness of man for the good of mankind and society. It can be recalled that Secretary Lorenzana, speaking previously in a moral recovery initiative by The Way to Happiness Philippines for Marawi, said that "enduring peace and prosperity can only be sustained if it is happening in the hearts and minds of our people".

To sustain its efforts for "Genuine Peace Grounded on Ethics and Values", the DND has rolled out its plan to have the ethics and values seminar cascaded to more trainers of The Way to Happiness in the Department, starting in the First Quarter of 2018. The advocacy will continue until each and every, soldier and civil servant in the Department learn, benefit from, and embody the ethics learned from the training program which is centered on moral recovery, happiness and discipline.
