REFERENCE	QUERIES	ANSWERS
BDS Legal & Technical Documents	Can we apply for a Certification of Class "A" documents for this project?	Yes, but not with this Committee. A Certificate of Registration may be issued by PhilGEPS.
BDS TAB M	Certificate from the End User , The Philippine Army through the Philippine Army Procurement Center, that the Bidder has no overdue delivery /deliveries of previously awarded contract or contracts. – This requirement is new to us. How do we get this and where? (what office?)	This particular requirement is no longer required
Technical Specification	ICC Certificate from DTI -KIA's Tires are exempted from ICC Certification because DTI does not have testing equipment here in the Philippines for the tires that KIA provide. Thus, a Certificate of Exemption is being issued by the DTI to KIA's Tires in lieu of the ICC Certificate requirement. Can we substitute the ICC requirement with this Certificate of Exemption for the satisfaction of the bidding	Yes, the certificate of exemption is acceptable, because the above type of tire is not included in the Philippine National Standard (PNS) series of 1994 for Pneumatic tires.

	requirements of this project?	
ITB Clause 29.2 (d)	Post Qualification Requirement (Appropriate License and permit issued for the Manufacture, Supply and Delivery of Ammunition and Explosive.) The Post Qualification Requirement is being stated in the TOR and we would like to ask if this is necessary to be included in the Post Qualification Documents to be presented?	This requirement was inadvertently included in the bidding documents. This is now deemed deleted.

Further, be informed that the Committee shall now push through with the scheduled Submission and Opening of Bid on **November 3, 2015 at 10:00 A.M** at DND BAC Conference Room, Basement, Right Wing, DND Building Camp General Emilio Aguinaldo, Quezon City.
