DND SPECIAL BIDS AND AWARDS COMMITTEE

Camp General Emilio Aguinaldo, Quezon City

29 January 2016

SUPPLEMENTAL BID BULLETIN NR. DND-AFP/PAF-RBSS-LOT1-16-02-005
(Radar Basing Support System Project of the Philippine Air Force – **Lot 1 Gozar**)

This Supplemental Bid Bulletin is issued to inform prospective bidders of the following clarification as regards the requirements provided in the Bidding Documents of the Radar Basing Support System Project:

Query from Vicente T. Lao Construction:

Please be informed that we have conducted further evaluation on the scope of work, plans and bill of quantities for the above-mentioned project and we found out that under Gozar Air Station located in Lubang, Occidental Mindoro, Project Nr. 24 – Asphaltting of Road nets w/ Storm Drain and Pipes is an asphaltting work with 3,120 m in length.

In as much as the volume needed for the asphaltting work is not that big, and Lubang, Occidental Mindoro is an island, it would be very hard for us to mobilize our Asphalt Batching Plant and other Bitumen products.

In view hereof, we would like to request to replace Item 310 – Bituminous Concrete Surface Course to Item 311-Portland Cement Concrete Pavement.

Answer:

The request cannot be granted. The Scope of Work for the road nets at Gozar Air Station is retained.

Please be guided accordingly.

ASEC ROY O. DEVERATURDA
Chairperson, DND SBAC
