**SUPPLEMENTAL BID BULLETIN NR. DND/VMMC-UESP2-19-01**  
[Upgrading of VMMC Electrical System (Phase 2)]

This Supplemental Bid Bulletin is issued to inform prospective bidders on the modifications/amendments and/or additional requirements that shall form part of the bidding documents for the Upgrading of VMMC Electrical System (Phase 2) as follows:

**CLARIFICATIONS ON THE BIDDING DOCUMENTS**

**RLC ELECTRICAL SERVICES, INC.**

Nr	Observation/Points of clarification	Answers and SBB
1	For MVSG 1 & MVSG 1A, there is no available commercial size of fused LBS for 36 kV medium voltage switch gear, alternative equipment available is Vacuum Circuit Breaker (VCB) which is several times higher the cost of LBS.	The provisions are retained.
2	Page 210 (item b) of the bidding document, states that the 1500 kVA step up transformer rating is 230V/2,400V, while the Synchronizing Panel & Generator Set are both rated 480V. The Transformer should be rated 480V also.	The provisions are retained.
3	The New 1500 kVA genset will be equipped with Circuit Breaker as an integral unit of generator set, how about the EXISTING 1500 kVA Genset does it has CIRCUIT BREAKER? Should we use the existing GCB or provide NEW one?	The provisions are retained.
4	Some feeders does not conform with wiring schedule, also some feeders does not have cable sizes and ratings.	The provisions are retained.
5	Based on actual measurement and verification with the official plan, there are some cable items that are not enough in terms of quantity to serve its purpose based on plans.	The provisions are retained.
6	Given the complexity of the project, we need enough time to come up with accurate and competitive bid, as mentioned during the pre-bid conference can we ask an extension to the scheduled date of submission?	The provisions are retained.

Please be guided accordingly.
